NAPCS Unionization Research • May 2026 • Template v8.0

Section 1: State Overview

State	Ohio
Labor Board	NLRB (Region 8 / Region 9) — National Labor Relations Board — Region 8 (Cleveland) and Region 9 (Cincinnati/Columbus)
Governing Law	National Labor Relations Act (NLRA). Ohio charter schools ("community schools" per ORC Chapter 3314) are classified as privately incorporated nonprofits — private employers under the NLRA. SERB (State Employment Relations Board, ORC Chapter 4117) does NOT apply. Settled by NLRB precedent: Menlo Park Academy (08-RC-286190, 2022), KIPP Columbus (09-CA-310589, 2022–2024), and a decade of prior Ohio charter elections all confirming NLRB jurisdiction.
Federal NLRB Jurisdiction	YES — NLRB has exclusive jurisdiction over all 32 Ohio NAPCS charter schools. SERB jurisdiction has been argued and rejected in every Ohio charter labor case. The NLRB's ruling at Menlo Park Academy stated the school "was not created directly by the state and is not a department or administrative arm of government." This is the operative standard for all Ohio community schools.
Right-to-Work	NOT a Right-to-Work State — Ohio has no right-to-work statute for private-sector employees. NLRA preempts state right-to-work law for private employers, and Ohio has enacted no such statute. Ohio public employees retain full collective bargaining rights under ORC Chapter 4117 (SB 5, enacted 2011, was repealed by voter referendum November 2011). (No right-to-work statute applies to Ohio charter schools, which are private employers under the NLRA. Union security provisions (agency fee, union shop) are available in CBA negotiations.)
For-Profit Operator Status	For-profit EMO management contracts permitted under state law
Card-Check Available	NO — NLRB jurisdiction = secret ballot election required. No card-check certification path available. Employer can demand election at 30%+ showing.
Registry Sweep	COMPLETE — April 2026 (Registry v7 — SERB scan entry point; all confirmed schools under NLRB) — 323 charter schools searched
Research Window	March–April 2026 (initial); May 2026 (reconciliation session)

1 EMO (for-profit), 10 CMO (nonprofit). Approximately 251 schools operate independently with no CMO/EMO affiliation. Source: Charter School Registry v133.

Section 4: Legal Framework & Sector Overview

Findings are based on research as of May 2026.

1: Legal & Jurisdictional Framework National Labor Relations Act (NLRA). Ohio charter schools ("community schools" per ORC Chapter 3314) are classified as privately incorporated nonprofits — private employers under the NLRA. SERB (State Employment Relations Board, ORC Chapter 4117) does NOT apply. Settled by NLRB precedent: Menlo Park Academy (08-RC-286190, 2022), KIPP Columbus (09-CA-310589, 2022–2024), and a decade of prior Ohio charter elections all confirming NLRB jurisdiction. Ohio is not a right-to-work state (Ohio has no right-to-work statute for private-sector employees. NLRA preempts state right-to-work law for private employers, and Ohio has enacted no such
--

statute. Ohio public employees retain full collective bargaining rights under ORC Chapter 4117 (SB 5, enacted 2011, was repealed by voter referendum November 2011).). Charter schools in Ohio are subject to NLRB jurisdiction as private employers (NLRB (Region 8 / Region 9)). Secret ballot NLRB election is the required organizing pathway. Card-check is not available.

2: Charter Sector Structure

Ohio operates 323 open-enrollment charter schools, enrolling approximately 123,080 students. 11 charter management organizations and education management organizations operate in Ohio, including 1 for-profit EMO. The largest networks by campus count are Summit Academy Management (20 campuses in state), Concept Schools (16 campuses in state), Constellation Schools (15 campuses in state). Approximately 251 schools operate independently with no CMO or EMO affiliation. Network-level detail, including campus counts and total enrollment, appears in Section 3 above.

Section 5: Media Coverage & Public Stakeholder Positions

Press Coverage

Ohio charter union organizing has received consistent press coverage concentrated around election events and the 2019 Summit Academy Parma strike. The Cleveland Plain Dealer and cleveland.com have covered Cleveland ACTS certifications most thoroughly. The Columbus Dispatch has covered KIPP Columbus and ACPA. OFT press releases are the most complete single source for certification announcements. The KIPP Columbus ULP findings received national education press attention (Chalkbeat, Education Week). ACPA's 44-1 election result has not received major press coverage as of May 2026 — consistent with the pattern that overwhelming union victories receive less press attention than contested elections.

Stakeholder Communications

OFT (oft-aft.org) is the authoritative source for Ohio charter union communications. OFT issued a press release on November 19, 2025 announcing ACPA's card filing. Cleveland ACTS issues periodic communications through OFT channels. The OFT "locals" page lists all affiliated locals including Cleveland ACTS (Local 6570) and KIPP Columbus ACTS. AFT national communications have mentioned KIPP Columbus as a significant KIPP organizing precedent. Employer responses to Ohio charter organizing have ranged from neutral (early ACCEL certifications) to actively resistant (KIPP Columbus, where NLRB found ULP violations in August 2024). Summit Academy Parma's management did not recognize voluntarily but did not contest the election result — the strike occurred over first-contract terms, not recognition. ACPA's management has not issued public statements about the organizing campaign or election result as of May 2026.

Authorizer & State Agency Positions

Ohio charter authorizers (ESCs, universities, school districts, and the Ohio Department of Education and Workforce) have not issued public statements about charter school unionization. Authorizer responses to union activity are not documented in available sources.

Legislative Context

Ohio's charter school law (ORC Chapter 3314) does not address employee unionization. The NLRB's exclusive jurisdiction over Ohio charter employees has not been legislatively modified. Ohio is not a right-to-work state for private employers (NLRA preempts state right-to-work for private sector). Ohio has not enacted any legislation that would shift charter school employees to SERB jurisdiction.
