Section 4: Legal Framework & Sector Overview

Findings are based on research as of June 7, 2026.

1: Legal & Jurisdictional Framework

Educational Employment Relations Act (EERA), Gov. Code §3540 et seq. California is not a right-to-work state (Gov. Code §3540 et seq. (EERA)). Charter schools in California are subject to NLRB jurisdiction as private employers (PERB(CA) — California Public Employment Relations Board). Secret ballot NLRB election is the required organizing pathway. Card-check is not available.

2: Charter Sector Structure

California operates 1,246 open-enrollment charter schools, enrolling approximately 719,164 students. 30 charter management organizations and education management organizations operate in California. The largest networks by campus count are Aspire (36 campuses in state), KIPP CA (34 campuses in state), Alliance (21 campuses in state). Approximately 988 schools operate independently with no CMO or EMO affiliation. Network-level detail, including campus counts and total enrollment, appears in Section 3 above.

Section 5: Media Coverage & Public Stakeholder Positions

Press Coverage

California charter school labor relations receive consistent press coverage, concentrated in education-focused outlets. EdSource provides the most sustained reporting on PERB decisions and charter organizing activity. The Los Angeles Times covers UTLA organizing campaigns at LAUSD-adjacent charter schools. National Right to Work Legal Defense Foundation press releases are primary sources for decertification event timelines, including the St. HOPE Public Schools NRTW disclaimer (March 2026) and Gompers Preparatory Academy decertification (June 2023).

Legislative Context

AB 288 (2026) — the direct legislative response to the St. HOPE NRTW jurisdiction switch — was introduced in the California Legislature to close the private-employer classification pathway for charter schools. This is the first California legislation directly addressing the dual-pathway NRTW decertification strategy documented in this research. Legislative coverage has appeared in EdSource and the Sacramento Bee.
