Section 1: State Overview

State	Illinois
Labor Board	NLRB (Region 13) / IELRB — National Labor Relations Board, Region 13 (Chicago) — primary jurisdiction for privately incorporated charters. Illinois Educational Labor Relations Board — ISBE-authorized/dependent charters only.
Governing Law	National Labor Relations Act (NLRA) for private nonprofits (most IL charters, per Chicago Mathematics & Science Academy, 359 NLRB 41, Dec 14 2012). Illinois Educational Labor Relations Act (IELRA, 115 ILCS 5/) for public-employer charters (ISBE-authorized). NOTE: ILRB (Illinois Labor Relations Board) does NOT cover educational employers — never cite ILRB for any charter school.
Federal NLRB Jurisdiction	YES — NLRB jurisdiction applies to all independently incorporated charter nonprofits (the vast majority of IL NAPCS schools). Landmark case: Chicago Mathematics & Science Academy, 359 NLRB 41 (Dec 14 2012). This requires secret ballot election; card-check not available under NLRB.
Right-to-Work	NOT a Right-to-Work State — Illinois has no right-to-work statute. (Applies to both NLRB (private-sector charters) and IELRB (public-employer charters). Union security agreements are permissible in both jurisdictions.)
For-Profit Operator Status	For-profit EMO management contracts permitted under state law
Card-Check Available	NO — Card-check enacted by Illinois HB 1120 (Aug 2023) for charter contract renewals (neutrality mandate) but the card-check mechanism itself is under federal court challenge as of May 2026. Not yet operational.
Registry Sweep	COMPLETE — April–May 2026 (Registry v11 NLRB scan); current companion file: Registry v14 (May 8, 2026) — IL data unchanged from v11 scan — 132 charter schools searched
Research Window	March 2026 (initial); May 2026 (reconciliation — Registry v11)

‡ Network (type unclassified) = operator present in Charter School Registry v133 but not yet classified in CMO Reference data. Contact registry project to add classification for these records.

13 CMO (nonprofit). Approximately 39 schools operate independently with no CMO/EMO affiliation. Source: Charter School Registry v133.

Section 4: Legal Framework & Sector Overview

Findings are based on research as of May 8, 2026.

1: Legal & Jurisdictional Framework

National Labor Relations Act (NLRA) for private nonprofits (most IL charters, per Chicago Mathematics & Science Academy, 359 NLRB 41, Dec 14 2012). Illinois Educational Labor Relations Act (IELRA, 115 ILCS 5/) for public-employer charters (ISBE-authorized). NOTE: ILRB (Illinois Labor Relations Board) does NOT cover educational employers — never cite ILRB for any charter school. Illinois is not a right-to-work state (Illinois has no right-to-work statute.). Charter schools in Illinois are subject to NLRB jurisdiction as private employers (NLRB (Region 13) / IELRB). Secret ballot NLRB election is the required organizing pathway. Card-check is not available.

2: Charter Sector Structure

Illinois operates 132 open-enrollment charter schools, enrolling approximately 57,100 students. 13 charter management organizations and education management organizations operate in Illinois. The largest networks by campus count are Noble Schools (17 campuses in state), Youth Connection Charter School (YCCS) (17 campuses in state), Chicago International Charter School (CICS) (14 campuses in state). Approximately 39 schools operate independently with no CMO or EMO affiliation. Network-level detail, including campus counts and total enrollment, appears in Section 3 above.

Section 5: Media Coverage & Public Stakeholder Positions

Press Coverage

Illinois charter school labor relations have generated more sustained press coverage than any other state in the NAPCS dataset except California. WBEZ (Chicago Public Radio) and Chalkbeat Chicago have provided ongoing coverage of CTU-ACTS organizing campaigns, strikes, and contract negotiations since 2015. The Chicago Tribune and Chicago Sun-Times have covered major events: the 2018 Acero strike (first charter school strike in Chicago history), the 2019 CICS strike, and the series of school closures at Acero (2025) and ASPIRA (2026). The closure wave has generated significant education community coverage, with Chalkbeat documenting displaced students and unresolved CBA obligations.

Stakeholder Communications

CTU (Chicago Teachers Union) and ChiACTS are the primary public communicators. CTU maintains a contracts portal with publicly accessible CBAs for organized charter networks. The CTU/ChiACTS model is the most sophisticated charter-specific communications infrastructure in the NAPCS dataset — including dedicated social media, press releases for each certification, and public CBA posting. CTU President Stacy Davis Gates has cited charter organizing as a strategic priority. Acero Schools publicly announced its closure decision in late 2024, affecting 13 organized campuses. ASPIRA Inc. of Illinois announced closure of both NAPCS schools (Business & Finance, Early College) in spring 2026. EPIC Academy announced closure effective June 2026. The closure wave represents the most significant organized-school-closure event in the full 584-school NAPCS dataset — all closing schools are CTU-ACTS certified.

Legislative Context

Illinois presents a split jurisdictional framework unique in the NAPCS dataset: NLRB governs privately incorporated charter operators (most IL charters); IELRB governs ISBE-authorized and district-dependent charters (e.g., Springfield Ball). The 2011 Illinois Educational Labor Relations Act (IELRA) amendments clarified state-board-authorized charter status. CTU's political power — including its role in mayor elections — has made IL charter labor relations a state political issue in ways not seen in most other NAPCS states.
